CAREER OBJECTIVE

I am a passionate, self-motivated, and result oriented individual with a keen interest in Software Development, Digital Technology, IT, and Cyber-security. I am highly enthusiastic in using HTML5, Git & GitHub, CSS3, JavaScript, React.js, Bootstrap, Framework to develop web page, and also growing spreading my learning on UI/UX (Figma). I plan to start creating my own innovative ideas with top-notch designs in the Front-End Development with a world class Software Organization either through internship or student training.
