PRODUCT DESIGNER

sekinatwahab05@gmail.com · +234 704 050 9708
Ibadan, Oyo State, Nigeria
github.com/Queenah005 · linkedin.com/in/wahab-sekinat-0a41a2220

Product designer focused on UI/UX design, user-centered problem solving, and digital product strategy. Experienced in turning ideas into clear user flows, wireframes, and polished interfaces in Figma — from brand identity and design systems to app and web prototypes. Also builds with HTML, CSS, and JavaScript, which keeps design decisions grounded in what's realistic to ship.

EXPERIENCE

Product Designer — Elyon Labs 6 months
elyonlabs.org

Computer Instructor — Unicorn Technology Limited Jun 2020 – Jan 2021
Ibadan, Oyo

- Taught computer literacy fundamentals to secondary school students
- Designed invitation cards, calendars, and business cards using CorelDRAW
- Resolved customer complaints and followed up to ensure satisfaction

SELECTED PROJECTS

Green Circle Market 2026
Brand identity and design system for a nature-inspired marketplace brand — logo, wordmark, color and type system, designed end-to-end in Figma.
